# Chairman's Statement

## CONSOLIDATED RESULTS

The profit attributable to the Company's shareholders for the first half of 2009 was HK\$430 million, a decrease of 27% from the same period in 2008. The result reflects increasingly difficult trading conditions for HAECO's businesses as airlines cut capacity and expenditure in response to falling demand.

Your Directors have declared an interim dividend of HK\$0.50 per share (2008: HK\$0.93 per share) payable on 22nd September 2009 to shareholders registered at the close of business on 11th September 2009. The share register will be closed from 7th to 11th September 2009, both dates inclusive.

## OPERATIONS

Despite the downturn in demand the Company has continued to invest in both Hong Kong and Mainland China to expand its facilities and the range of services it can offer to customers:

- Construction of the Company's third hangar in Hong Kong is scheduled to open in September 2009.
- Taikoo Spirit AeroSystems (Jinjiang) Composite Company Limited is expected to open its specialist advanced composite repair facility in the fourth quarter of 2009.
- Taikoo (Xiamen) Aircraft Engineering Company Limited's ("TAECO") sixth hangar in Xiamen is expected to open in mid-2010.

- Taikoo Engine Services (Xiamen) Company Limited ("TEXL") is upgrading its facility with first engine induction expected in the second quarter of 2010.
- Taikoo Sichuan Aircraft Engineering Services Company Limited is constructing its first hangar in Chengdu, which is due to open in mid-2010.
- Hong Kong Aero Engine Services Limited's ("HAESL") extension is expected to be completed in the first quarter of 2011.

## PROSPECTS

Business activity in the second half of 2009 is expected to be substantially weaker than in the first-half as airlines continue to reduce services and expenditure. The HAECO Group of companies has significant unsold capacity for the first time in several years. Despite its considerable competitive advantages the timing of any sustained recovery in the HAECO Group's business will depend upon a recovery in global aviation generally.

# Review of Operations

The Group's profit attributable to shareholders comprises:

	Six months ended 30th June		
	2009 HK\$M	2008 HK\$M	Change
HAECO Hong Kong operations	131	232	-44%
Share of:			
TAECO	98	162	-40%
HAESL and SAESL	195	178	+10%
Other subsidiary and jointly controlled companies	6	19	-68%
	430	591	-27%

## HAECO HONG KONG OPERATIONS

HAECO's Hong Kong operations comprise heavy airframe maintenance, line maintenance at the passenger and cargo terminals at Hong Kong International Airport, component overhaul at Tseung Kwan O and third party inventory management. Business has continued to soften in the first half of 2009.

Heavy airframe maintenance manhours sold was 1.2 million, 8% lower than the first half of 2008. 61% of the work was from non-Hong Kong based carriers.

Line maintenance movements reduced by 10% from the first half of 2008 with an average of 248 aircraft handled per day.

Component repair activity at the Tseung Kwan O facility totalled 0.17 million manhours, 42% higher than that of the first half of 2008 due to special projects carried out during the period.

HAECO's Inventory Management Department managed third party rotatable spares for various aircraft, including Airbus A300-600F, A320-200 and A330-300 as well as Boeing 747-200F aircraft.

HAECO's third hangar is scheduled to open in September 2009.

## TAIKOO (XIAMEN) AIRCRAFT ENGINEERING COMPANY LIMITED

Heavy airframe maintenance manhours sold by TAECO decreased by 18% from the first half of 2008 to 1.83 million hours due to lower demand.

Line maintenance operations in Xiamen, Shanghai and Beijing decreased by 12% on the first half of 2008 with aircraft handled averaging 38 per day.

TAECO's sixth hangar is expected to open in mid-2010.

## ENGINE OVERHAUL

### Hong Kong Aero Engine Services Limited

HAESL (45% owned) and its jointly controlled company, Singapore Aero Engine Services Pte. Limited (20% owned by HAESL), returned satisfactory results for the period due to a favourable work mix.

HAESL is constructing an additional component repair extension which is due to open in the first quarter of 2011.

### Other Subsidiary and Jointly Controlled Companies

Results of the Group's other subsidiary and jointly controlled companies during the period were in line with expectations.

## ENVIRONMENT

The Group continues to monitor closely the impact of its operations on the environment and makes every effort to reduce this impact. Details of the activities which the Company regards as important both to the community and for our staff can be found in the Environmental, Health and Safety report on our website.

## STAFF

The Group's headcount was:

	30th June 2009	31st December 2008	Change
HAECO	4,721	4,861	-3%
TAECO	5,220	5,268	-1%
HAESL	901	908	-1%
Other subsidiary and jointly controlled companies in which HAECO and TAECO own at least 20%	1,747	1,701	+3%
	<b>12,589</b>	12,738	-1%

## FINANCIAL REVIEW

### NET ASSETS

The Group's non-current assets increased from HK\$6,227 million to HK\$6,508 million in the first half of 2009 mainly due to additions in fixed assets of HK\$380 million, primarily for the hangars, offset by HK\$183 million of depreciation and amortisation. The Group's net current assets at 30th June 2009, excluding net liquid funds, totalled HK\$165 million.

## LIQUIDITY AND FINANCING

At 30th June 2009, the Group had net liquid funds, less short-term loans, of HK\$153 million, together with long-term loans of HK\$426 million. In addition, committed banking facilities amounted to HK\$1,457 million, of which HK\$576 million remained undrawn. Unused uncommitted banking facilities amounted to HK\$99 million.

## CURRENCY FLUCTUATIONS

The Group's income is substantially in HK dollars and US dollars and is matched by expenditure in the same currencies. The exception to this is TAECO which has substantial Renminbi expenditure. TAECO reduces its exposure to changes in the exchange rate of the Renminbi against the US dollar by retaining surplus funds in Renminbi and by selling US dollars and HK dollars forward for Renminbi. At 30th June 2009, TAECO had sold forward a total of US\$87 million and HK\$224 million to cover part of its Renminbi requirement for the second half of 2009 and 2010.

# Notes to the Consolidated Accounts

## 1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

- (a) The unaudited consolidated accounts have been prepared on a basis consistent with the principal accounting policies adopted in the 2008 annual accounts with the addition of certain new standards and interpretations of Hong Kong Financial Reporting Standards (“HKFRS”) issued and effective as at the time of preparing this information. Where applicable, the comparatives have been amended as required.

In 2009, the Group adopted the following new or revised standards and interpretations of HKFRS below, which are relevant to its operations.

		Effective for accounting periods beginning on or after
HKAS 1 (Revised)	Presentation of Financial Statements	1st January 2009
HKAS 23 (Revised)	Borrowing Costs	1st January 2009
Amendments to HKFRS 1 and HKAS 27	Consolidated and Separate Financial Statements – Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate	1st January 2009
HKFRS 8	Operating Segments	1st January 2009
Annual improvements to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants in October 2008		

The adoption of such standards or interpretations does not result in substantial changes to the Group’s accounting policies and has no significant effect on the results reported for the first half of 2009. However, as a result of the adoption of HKAS 1 (revised) “Presentation of Financial Statements”, changes in equity arising from transactions with shareholders in their capacity as shareholders are presented separately from all other income and expenses in a revised statement of changes in equity. All such items of income and expenses are presented in the statement of comprehensive income.

HKFRS 8 “Operating Segments” replaces HKAS 14 “Segment Reporting”. It requires a “management approach” under which information is presented on the same basis as that used for internal reporting purposes. This has resulted in an increase in the number of reportable segments presented.

- (b) The consolidated accounts have been prepared in accordance with the HKAS 34 “Interim Financial Reports” issued by the Hong Kong Institute of Certified Public Accountants. This consolidated financial information should be read in conjunction with the 2008 annual accounts.

## 2. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

The Group makes estimates and assumptions as appropriate in the preparation of the accounts. These estimates are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances and will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant effect on the carrying amounts of assets and liabilities include the useful life of property, plant and equipment and the determination of tax.

### 3. MANAGEMENT OF FINANCIAL RISK FACTORS

The Group's activities are exposed to movements of foreign currencies, fair value interest rate risk, credit risk and liquidity risk. These risks are reviewed periodically to ensure their impact on the Group's financial performance is minimised through the use of forward contracts, options or other appropriate derivative financial instruments. It is the Group's policy to use the above derivative instruments solely for the purpose of financial risk management, and not for speculative purposes.

### 4. SEGMENT INFORMATION

Management has determined the operating segments based on the reports reviewed by the Board of Directors that are used to assess performance and allocate resources. The Board considers the business primarily on an entity by entity perspective. The Group is engaged in commercial aircraft overhaul, modification and maintenance mainly in Hong Kong and Mainland China.

The segment information provided to the Board of Directors for the reportable segments for the period ended is as follows:

## Notes:

- These transactions fall under the definition of “continuing connected transactions” in Chapter 14A of the Listing Rules.
- Other revenue from jointly controlled companies mainly arose from the provision to HAESL of engine component repairs and facilities rental on a commercial arm’s length basis and of certain administrative services charged at cost.
- Purchases from jointly controlled companies comprised mainly aircraft component overhaul charges by HAESL.
- Amounts due from and due to jointly controlled companies and other related parties at 30th June 2009 are disclosed in note 13 and note 14 to the accounts.

# Information Provided in Accordance with the Listing Rules

## CORPORATE GOVERNANCE

The Audit Committee of the Company has reviewed the results for the six-month period ended 30th June 2009.

The Company has complied with all the code provisions of the Listing Rules and has met most of the recommended best practices set out in the Code on Corporate Governance Practices (the “CG Code”) contained in Appendix 14 of the Rules Governing the Listing of Securities (“the Listing Rules”) on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) throughout the accounting period covered by the interim report.

The Company has adopted codes of conduct regarding securities transactions by Directors and by relevant employees (as defined in the CG Code) on terms no less exacting than the required standard set out in the Model Code for Securities Transactions by Directors of Listed Issuers (“the Model Code”) contained in Appendix 10 to the Listing Rules.

On specific enquiries made, all Directors have confirmed that, in respect of the accounting period covered by the interim report, they have complied with the required standard set out in the Model Code and the Company’s code of conduct regarding Directors’ securities transactions.
